

Michelle Anne F. Mendoza

Software Engineer

09099087941 • City of San Fernando, Pampanga • michellemendoza05.work@gmail.com

SKILLS

Languages: Javascript, Typescript, HTML, CSS, Golang,

Technologies: React.js , React Native, Jotai, TailwindCSS, Vue.js, Next.js, Bootstrap, MaterialUI, Node.js, MySQL, PostgreSQL

Tools: Visual Studio Code, Git, Postman, Docker

PROFESSIONAL EXPERIENCE

Hooli Software Inc. | Remote

February 2024 - Present

Software Engineer

- Developed and integrated frontend components in React.js and TypeScript, ensuring adherence to design specifications.
- Integrated RESTful APIs to dynamically deliver data to a TypeScript front-end, enhancing backend operations with Golang's efficient data retrieval capabilities.
- Maintained application integrity post-development, implementing improvements, polishing, and integrating additional features.
- Deployed applications to docker for testing and building, ensuring seamless integration and scalability.
- Designed backend solutions with Golang, optimizing server-side functionalities and effectively managing PostgreSQL databases.
- Collaborated with teams to address issues, introduce new functionalities, and enhance the overall performance of the app.

Software Engineer

- Utilized React Native for both Android and iOS applications to enhance functionality, resolve issues, and integrate state management libraries for improved performance and responsive design.
- Ensured applications were responsive across various screen devices through meticulous reworking and optimization efforts.
- Collaborated with teams to identify and resolve critical issues, improving usability and functionality.
- Refactored frontend components with modern libraries like TailwindCSS to align with current design standards and improve user interface efficiency.

Software Engineer Intern

March. 2022 - June 2022

Hooli Software Inc. | Remote

- Primarily dedicated to resolving bugs and implementing enhancements for the assigned application.
- Performed in-depth research and prepared PowerPoint presentations for the weekly team progress report.

EDUCATION

DON HONORIO VENTURA STATE UNIVERSITY

Bachelor of Science in Information Technology

2018 – 2022
